PRESS RELEASE

Management and Engineering Technologies International Inc. (METI, Inc.) is Named by the United States Department of Commerce Minority Business Development Agency as the Business Technology Firm of the Year.

El Paso, Texas, June 27, 2008: Management and Engineering Technologies International, Inc. announced today that they were named Business Technology Firm of the Year in its region by the United States Department of Commerce Minority Business Development Agency (MBDA).

Each year as part of Minority Enterprise Development (MED) Week events, MBDA recognizes the contributions made by minority entrepreneurs, corporations and advocates who work for the betterment of minority business and our nation's economy. The region in which METI was competing was the Dallas regional area which encompasses 11 states, including Arkansas, Colorado, Louisiana, Montana, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah, and Wyoming.

The President/CEO of METI, Renard U. Johnson, was very honored to receive such a prestigious award. "Being nominated for this award and representing such a vast region is a great honor for METI. We are proud and appreciative for the opportunity to represent the technology industry in such a wide scope".

Headquartered in El Paso, Texas METI, Inc., specializes in providing professional services such as Systems Engineering and Information Technology to the Federal Sector. METI, Inc. was founded in 1994 and has highly skilled professionals working both domestically and internationally supporting the U.S. Government.
