PRESS RELEASE

Management and Engineering Technologies International Inc. (METI, Inc.) Wins a Contract to Provide Support Services to the USDA, Forest Service, Office of International Programs.

El Paso, Texas, October 8, 2008: Management and Engineering Technologies International, Inc. announced today that they were awarded a contract to provide support services to the USDA, Forest Service, Office of International Programs.

METI will be supporting the Office of International Programs in its mission to promote sustainable forest management and biodiversity conservation internationally. Specifically, METI will provide foreign disaster recovery and assistance, outreach, technical cooperation, development assistance programs, technical assistance in information technology, translation services, and in-country subject matter experts.

Headquartered in El Paso, Texas METI, Inc., specializes in providing professional services such as Systems Engineering and Information Technology to the Federal Sector. METI, Inc. was founded in 1994 and has highly skilled professionals working both domestically and internationally supporting the U.S. Government.
