PRESS RELEASE

Management and Engineering Technologies International, Inc. (METI, Inc.) *receives prestigious United States Department of Agriculture (USDA) award for outstanding service to the U.S. Forest Service.*

El Paso, Texas, September 6, 2006: METI, Inc. announced today that they were selected by the Chief of the Forest Service to receive the Chief's Global Stewardship Award. This award was established to recognize an individual or group, who through their efforts have made outstanding contributions to achieve international goals and objectives of the Forest Service. METI, Inc. received this award for their outstanding support to the U.S. Forest Service to support cooperation with countries around the world in the fields of Natural Resource Conservation, Disaster Assistance, and International Forest Policy.

METI, Inc. will be receiving this prestigious award during the Chief's Award Ceremony in Arlington, VA, on Wednesday, September 13, 2006.

METI, Inc. President, Mr. Renard U. Johnson, issued a statement saying that he is "very honored to be receiving such an award", and that he is "truly humbled that his company was an instrumental part in the overall mission of the U.S. Forest Service."

Headquartered in El Paso, Texas METI, Inc., specializes in providing professional services such as Systems Engineering and Information Technology to the Federal Sector. METI, Inc. was founded in 1994 and has highly skilled professionals working both domestically and internationally supporting the U.S. Government.
